

X fly 1D micro

Cinema or live events with a single operator

XD motion now offers the X fly 1D micro with our new XD cam Head 3 Axes, Gyrostabilized as a package.

The Micro X fly keeps your crew fast and small, requiring a single operator to control all the functions of the cablecam, gimbal and lens.

XD cam Head will allow smooth motion images on 3 axes thanks to its Gyrostabilized system. It is very easy to use thanks to its RF remote control.

Single operator for all

Wireless Control

Cinema Quality

Broadcast Live Events

Weather Proof

Small, Lightweight and Packable

Intelligent Sensing Tech

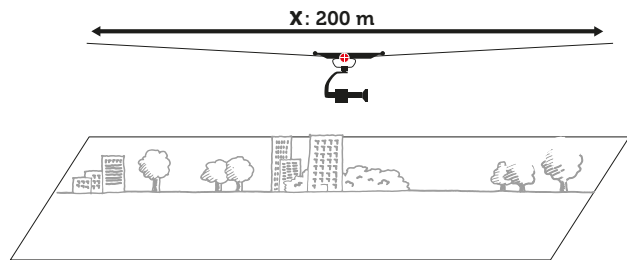

Safe: Optional Double Ropes
