

(VOYEZ EN FRANÇAIS)

## FEATURE FILMS :

**Le Brio**, by Yvan Attal

(Released on November 22)

Shooting in the amphitheater of Paris Assas with 700 extras and our **X fly 3D**. The difficulty was to hang the Cablecam at very low grip points. [Watch the trailer on Allociné.](#)

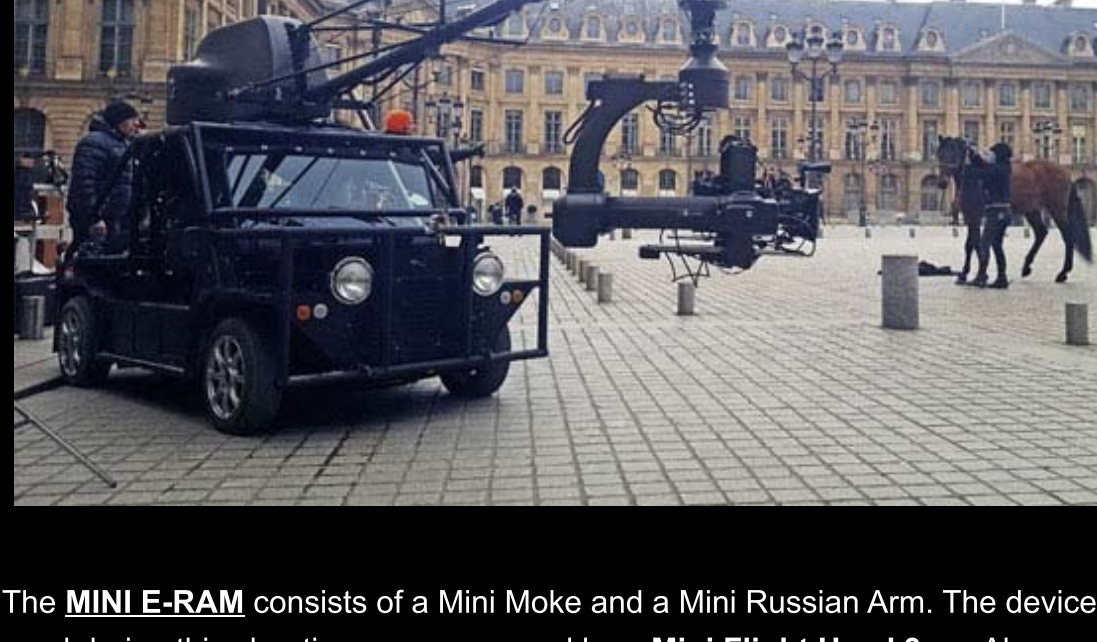

## Jurassic World 3

One of the most original shoot for our team in Hawaii for the next Jurassic World launch, in 3D 360 ° VR. Special feature of this shoot, besides the idyllic landscape : we used 3D cameras representing 200 kg on the dolly of our **X fly 2D**, and our head **Stab C Compact**, all in full motion control.

## COMMERCIALS :

### Longchamp

The **MINI E-RAM** consists of a Mini Moke and a Mini Russian Arm. The device used during this shooting was composed by a **Mini Flight Head 3**, an Alexa Mini and an Angénieux Optimo 24-76 mm lens. An Inspire 2 drone equipped with the new **Zenmuse X7 6K** gyro head in DNG format as well as a Movi M15 with remote-controlled Roll came to complete the equipment and the turning device during this project.

### Peugeot

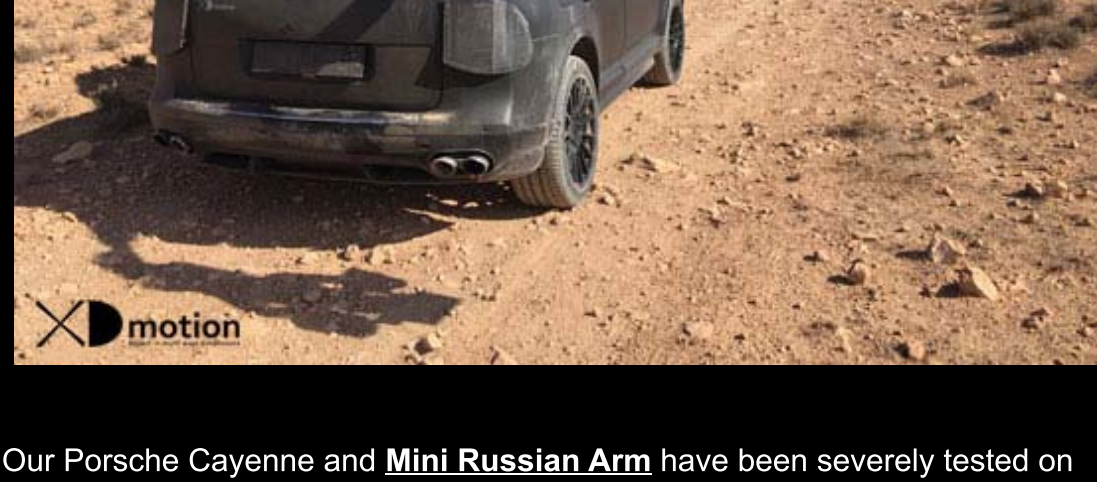

Our Porsche Cayenne and **Mini Russian Arm** were again asked for the new Peugeot advertising to promote its last 308 Racing Cup. The filming was made on the circuit of Croix en Ternois. A Sony FS7 has been used on our **Mini Flight Head**.

### Audi A8 – “ Forget The Time ”

Original shooting under the Channel Tunnel (Eurotunnel) between Calais and London for the new Audi advertisement. For the occasion, the **Mini Russian Arm** was mounted on an Audi Sportback A4 Diesel in order to meet the height limitation and safety standards imposed by the tunnel layout.

### Renault in Morocco

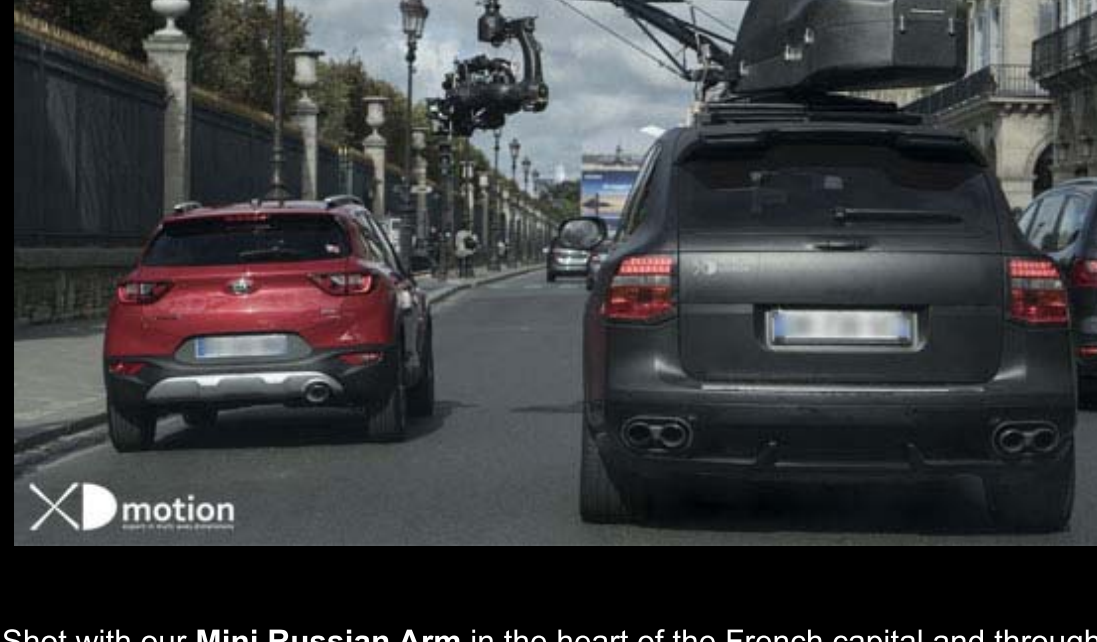

Our Porsche Cayenne and **Mini Russian Arm** have been severely tested on the arid and rocky lands of Morocco during the shooting of the new **Renault Duster commercial**. Despite the dexterity of our driver, it earned us a flat tire ! Specificity of the filming : we found a way to send our vehicle and the required material at an inexpensive cost and in record time !

### DJ Snake

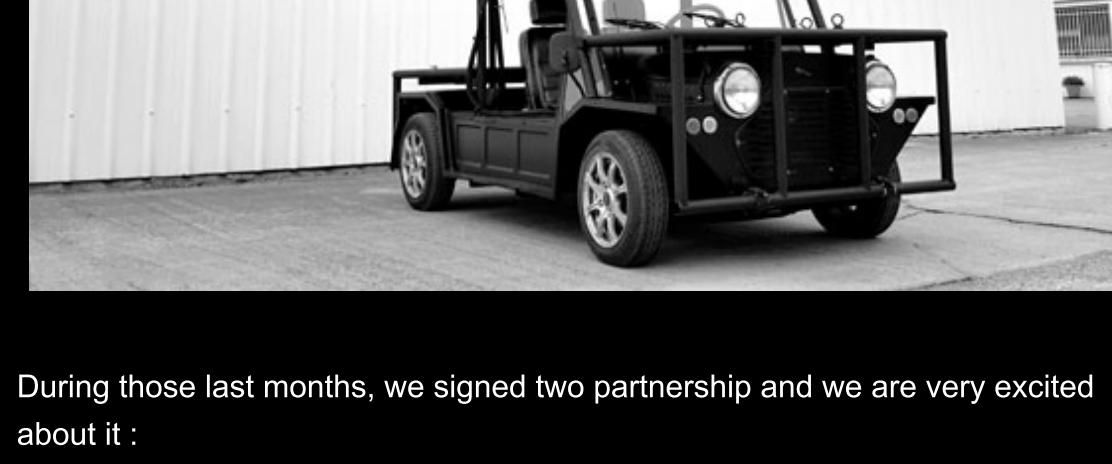

For the shooting of a promotional video for the next album of the famous French DJ, DJ Snake, we used the **Mini Flight Head** equipped with an Alexa Mini on which was mounted an optics Angénieux Optimo 19.5-94 mm, all, installed on the **Mini Russian Arm**. Specificity of the shooting : it was conducted on a high speed circuit in the Parisian region.

### Kia Motors France

Shot with our **Mini Russian Arm** in the heart of the French capital and through its heavy traffic. [Watch the video here.](#)

## PARTNERSHIPS :

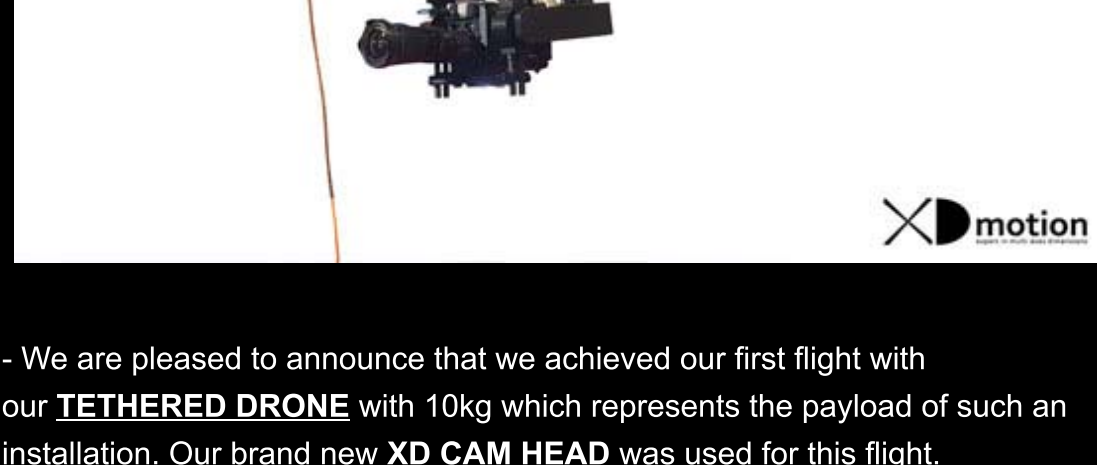

During those last months, we signed two partnership and we are very excited about it :

- First, we are proud to announce that we will be the next **Semote** retailer. This new product is a remote controller for RED and ARRI cameras.

- And the second partnership is one of the biggest news of the year ! We are proud to announce that we have a **New Russian Arm Mini Package** : **THE MINI E-RAM**.

## LAST NEWS

- We are pleased to announce that we achieved our first flight with our **TETHERED DRONE** with 10kg which represents the payload of such an installation. Our brand new **XD CAM HEAD** is now available to renting, do not hesitate to contact us for further information about it.

- Also, don't miss our **collaboration with SONY's HDC-P43** and our **TETHERED DRONE** which brochure can be viewed and downloaded [here](#).
